Computer Science studentwith hands-on experience in **React.js**, **Node.js**, **Express.js**, and **MongoDB**. Seeking an opportunity to contribute as a**Full-Stack Developer** and grow in a dynamic, **tech-driven environment**.

Skills

MERN Stack Developer	<div><div></div><div></div><div></div><div></div><div></div></div>
React.js	<div><div></div><div></div><div></div><div></div><div></div></div>
Node.js	<div><div></div><div></div><div></div><div></div><div></div></div>
Express.js	<div><div></div><div></div><div></div><div></div><div></div></div>
MongoDB	<div><div></div><div></div><div></div><div></div><div></div></div>

Education and Qualifications

BS Computer Science NUML University, Rawalpindi	2024 - Present
Completed two semesters with a focus on core programming concepts , including C++ and Object-Oriented Programming using Java . 3.21 CGPA	
FSc Pre-Engineering APS DHAI, Islamabad	2021 - 2023

Courses

Front-End Web Development NUML University, Islamabad	Feb 2024 - May 2024
Learned the fundamentals of front-end development including HTML , CSS , JavaScript , and Bootstrap . Built responsive web pages and practiced layout techniques and styling.	

Work experience

Software Engineering Intern Calcite Technologies, Islamabad	Jun 2025 - Aug 2025
In this internship, the main focus was on the MERN stack . I worked with technologies including React.js , Node.js , Express.js , and MongoDB . Tools used during development included VS Code , GitHub , Postman , and MongoDB Atlas (for cloud-hosted database management). During the internship, I developed a full-stack e-commerce website using the MERN stack. For the final project, I built a complete Project Management System , which included features like user authentication , project request and approval flows , role-based dashboards , and real-time project tracking .
